The Town Square Suites hotel is inspired by the interlocking lifestyle of a piazza, an open space in the heart of a typical Italian village. The hotel blends in harmoniously with the fascinating landscape of Khao Yai and emphasizes careful architectural elements that complement each other to create a village center. Conveniently located in a luxurious, private real estate complex amid picturesque hills, peaceful lakes, a world-class golf course and the unique grounds of Khao Yai National Park, Town Square Hotels are the ultimate retreat with comfort at heart.

In addition to golf, the property offers numerous leisure activities, such as cycling, swimming, exercising and tennis. Or simply stroll happily across the piazza and let yourself be pampered with a gelato with caffè espresso or Pinot Grigio.
